You should do all problems, but only those marked with an asterisk (*) must be submitted. (You may submit the others for feedback if you wish.)

Solutions may be submitted on paper at start of class, or by email before class.

Preparing your submission using latex is strongly suggested, but if your handwriting is sufficiently legible, hand-written submissions are also acceptable.

Email solutions should be sent to `tolmach@pdx.edu`, with the subject line “CS578 HW3” and one `.pdf` file as a simple attachment. (If your solution is handwritten, you must scan or photograph it, and produce `.pdf` for submission.)
