Quote of the Week, from the legendary philosopher Anon:

“Some days you build projects, other days you build skills, and other days you build character.”

Tasks for this week:

Demo hardware in the NEAR and Capstone Labs. General Instrumentation and Measurement lecture on Wednesday--how to measure pressure, temperature, etc.

Homework:

Continue instrument design projects.

Next Graded Exercise

Wednesday February 27 we will hold another in-class oral design review at the white board. Come to class prepared to contribute.
