

Unit Operation in Water/Wastewater
CE 474/574

FINAL PROJECT TEAMS

There are 7 undergrad teams and 2 grad teams.

Most UG teams are 4 members but needed to create 2 teams of 5 to fill out the roster.

Grad teams are 3 members each.

If you are curious, I sorted the class roster by ascending student ID number to randomize the list of names, then created arbitrary groups.

Team No.

1	Chernishov, Vasily R. Yang, Songqing Hepburn, Maxwell W. Gerber, Chelsea L.
2	Driscoll, Conor J. White, Zak D. Johnston, Ian B. Huff, Anndee L.
3	Roach, Josh E. Salatt, Saoud A. Hangartner, Jonathan A. Ebbighausen, Danny M.
