

CS 311: Computational Structures

Problem Set 3

James Hook

Prepared: October 11, 2015
Due: October 20, 2015

1. Sipser 1.21 (b). Calculate regular expression from a finite automaton.
2. Sipser 1.46 (a). Language is not regular.
3. Sipser 1.46 (c). Language is not regular.
