- Notes**
- 1: Prerequisite for all other products unless otherwise noted
 - 2: Requires Simulink
 - 7: Requires Deep Learning Toolbox
 - 8: Requires DSP System Toolbox
 - 10: Requires Fixed-Point Designer
 - 12: Requires MATLAB Coder
 - 13: Requires MATLAB Compiler
 - 14: Requires MATLAB Report Generator
 - 15: Requires Optimization Toolbox
 - 16: Requires Parallel Computing Toolbox for access and testing
 - 21: Requires Signal Processing Toolbox
 - 22: Requires Simscape
 - 23: Requires Simulink Check
 - 24: Requires Simulink Coder
 - 25: Requires Simulink Coverage
 - 26: Requires Statistics and Machine Learning Toolbox
 - 28: Requires System Identification Toolbox
 - 29: MATLAB not required
 - 30: Not available on Mac
 - 31: Not available on Linux
 - 34: Uses instance-based licensing, not concurrent user
 - 35: Does not qualify for quantity pricing

Prices are listed in U.S. Dollars (USD), valid for program installation and use in the U.S. or Canada only, and are subject to change without notice.

Products are available on Windows®, Linux®, and macOS® unless otherwise indicated. For information on currently supported hardware and operating systems, visit mathworks.com/sysreq.

Application Products

	Individual/Concurrent		Individual/Concurrent
Signal Processing		Autonomous Systems	
Signal Processing Toolbox	200	Robotics System Toolbox	200
Phased Array System Toolbox ^{8, 21}	200	Navigation Toolbox	200
DSP System Toolbox ²¹	200	ROS Toolbox	200
Audio Toolbox ^{8, 21}	200	Sensor Fusion and Tracking Toolbox	200
Wavelet Toolbox	200		
Image Processing and Computer Vision		FPGA and ASIC Design	
Image Processing Toolbox	200	HDL Coder ^{10, 12}	500
Computer Vision Toolbox ¹¹	200	HDL Verifier ³⁰	500
		Wireless HDL Toolbox ^{2, 4, 10}	500
Control Systems		Vision HDL Toolbox ³⁰	500

RF Toolbox	200	Spreadsheet Link ^{30, 31}	200
RF Blockset ^{2, 20}	200	Financial Instruments Toolbox ^{9, 15, 26}	200
Mixed-Signal Blockset ^{2, 8, 21}	200	Trading Toolbox	200
SerDes Toolbox ^{8, 21}	500	Risk Management Toolbox ^{9, 15, 26}	200
Wireless Communications		Computational Biology	
Communications Toolbox ^{8, 21}	200	Bioinformatics Toolbox ²⁶	200
WLAN Toolbox ^{4, 8, 21}	500	SimBiology	500
LTE Toolbox ^{4, 8, 21}	500		
5G Toolbox ^{4, 8, 21}	500		

Notes	
2:	Requires Simulink
3:	Requires Aerospace Toolbox
4:	Requires Communications Toolbox
5:	Requires Computer Vision Toolbox
6:	Requires Control System Toolbox
8:	Requires DSP System Toolbox
9:	Requires Financial Toolbox
10:	Requires Fixed-Point Designer
11:	Requires Image Processing Toolbox
12:	Requires MATLAB Coder
15:	Requires Optimization Toolbox
20:	Requires RF Toolbox
21:	Requires Signal Processing Toolbox
26:	Requires Statistics and Machine Learning Toolbox
27:	Requires Symbolic Math Toolbox
30:	Not available on Mac
31:	Not available on Linux

Prices are listed in U.S. Dollars (USD), valid for program installation and use in the U.S. or Canada only, and are subject to change without notice.

Products are available on Windows®, Linux®, and macOS® unless otherwise indicated. For information on currently supported hardware and operating systems, visit mathworks.com/sysreq.

	Individual/Concurrent
Code Verification	
Polyspace Bug Finder ^{29, 34}	500
Polyspace Code Prover ^{17, 29, 34}	500

Notes

- 17: Requires Polyspace Bug Finder
- 29: MATLAB not required
- 34: Uses instance-based licensing, not concurrent user

Prices are listed in U.S. Dollars (USD), valid for program installation and use in the U.S. or Canada only, and are subject to change without notice.

Products are available on Windows®, Linux®, and macOS® unless otherwise indicated. For information on currently supported hardware and operating systems, visit mathworks.com/sysreq.

QUANTITY PRICING

To compute price, multiply the unit price by the number of installations.

ACADEMIC USE LICENSES

Quantity	MATLAB	Simulink	Tier-1 ¹	Toolboxes ²
2-4	450	250	450	158
5-9	300	150	300	105
10-24	220	110	220	77
25-49	155	78	155	54
50-99	120	60	120	42
100+	90	45	90	32

CLASSROOM USE LICENSES

All Classroom license purchases require a minimum quantity of 10.

Quantity	MATLAB	Simulink	Tier-1 ¹	Toolboxes ²
10-24	50	50	50	18
25-49	35	35	35	12
50-99	27	27	27	9
100+	20	20	20	7

ORDERING INFORMATION

Online

Pay by credit card in MathWorks Store (login to MathWorks Account required). If you do not have a MathWorks Account, create one at mathworks.com/account.

Telephone

Pay by credit or debit card by phoning 508-647-7000 to reach the Customer Support team.

Purchase Order

Fax your purchase order printed on company letterhead to 508-647-4515, or mail it to:

Attn: Sales
 MathWorks, Inc.
 3 Apple Hill Drive
 Natick, MA 01760-2098 USA

The following information is required with your order:

- Authorized approval for purchase (authorized signature, company letterhead, company stamp, purchase order number or any other references required by your purchase department)
- MathWorks quote number
- Total amount of order
- Delivery and invoice address
- Contact information, if required. See the section below.
- MathWorks payment terms: NET 30 Days

U.S. Sales Tax and Canadian GST: For orders shipping to the United States or Canada, applicable U.S. Sales Tax or Canadian GST will be added to your invoice or credit card payment. The tax quoted is subject to change. If the tax should not be added to your order, please provide a tax exemption certificate or other proof of tax exempt status with your order.

Federal Taxpayer Identification Number (TIN): 94-2960235

Canada GST number: 89827 4535

Ontario PST/RST number: 9748 8658

Ordering Information for the US Government:

Central Contract Registration Number (CCR): 131142747

Cage Code: 0C524

Certifications and Representations
mathworks.com/cert-rep

Contact Information. All MathWorks licenses require an administrator to serve as the main source of communication for the license. If your order includes a new license, please provide the name, address, phone number, and e-mail for the contact who will be responsible for administering the license.

Money-Back Guarantee. If you are not completely satisfied with your purchase, call within 30 days for a full refund.

Notes

1. Tier 1 products are 5G Toolbox, Automated Driving Toolbox, Embedded Coder, Fixed-Point Designer, GPU Coder, HDL Coder, HDL Verifier, LTE Toolbox, MATLAB Coder, MATLAB Compiler, MATLAB Compiler SDK, Model-Based Calibration Toolbox, Polyspace Bug Finder, Polyspace Code Prover, Powertrain Blockset, SerDes Toolbox, SimBiology, Simscape Electrical, Simulink Check, Simulink Code Inspector, Simulink Coder, Simulink Compiler, Simulink Coverage, Simulink Design Verifier, Simulink Desktop Real-Time, Simulink PLC Coder, Simulink Real-Time, Simulink Requirements, Simulink Test, Stateflow, Vehicle Dynamics Blockset, Vision HDL Toolbox, Wireless HDL Toolbox, and WLAN Toolbox.
2. "Toolboxes" refers to remaining products. See previous pages for a complete listing of products.

Prices are listed in U.S. Dollars (USD), valid for program installation and use in the U.S. or Canada only, and are subject to change without notice.

Products are available on Windows®, Linux®, and macOS® unless otherwise indicated. For information on currently supported hardware and operating systems, visit mathworks.com/sysreq.

Quantity Pricing

MATLAB PARALLEL SERVER™ 29

Quantity Pricing (Annual Term)

To compute the price, multiply the unit price by the number of workers. A MATLAB Parallel Server license purchase requires a minimum quantity of 16 workers. Prices listed below are for annual Term licenses. See mathworks.com/parallel-license to learn more about the license size required for your application.

Worker Quantity	Unit Price	Worker Quantity	Unit Price
16-31	52.50	224-255.....	32.50
32-63	46.00	256-399	32.00
64-95.....	41.00	400-499	29.50
96-127	38.00	500-599	28.50
128-159.....	36.00	600-699	27.50
160-191	34.50	700-799	26.50
192-223.....	33.50	800+.....	Contact your sales representative for pricing

MATLAB PRODUCTION SERVER™ 29

24 workers 600

THINGSPEAK™ 29

Access to the ThingSpeak service is sold in units/year under a prepaid annual Term license. Each unit provides 33 million messages. See thingspeak.com/prices to estimate the number of units/year required for your application.

1 unit/year 250

Notes

29: MATLAB not required

Prices are listed in U.S. Dollars (USD), valid for program installation and use in the U.S. or Canada only, and are subject to change without notice.

Products are available on Windows®, Linux®, and macOS® unless otherwise indicated. For information on currently supported hardware and operating systems, visit mathworks.com/sysreq.

ACADEMIC LICENSING

MathWorks is pleased to offer MATLAB, Simulink, and other MathWorks products at reduced prices to degree-granting educational institutions. The use of products licensed to institutions at Academic license pricing is restricted to on-campus computing facilities that are used solely in support of classroom instruction and research activities of students, faculty, and staff.

Institutions cannot use the products for commercial purposes. Research and development divisions and centers of universities, government agencies, and other not-for-profit organizations do not qualify for Academic license pricing. MathWorks offers reduced prices to degree-granting educational institutions as a service and asks your help in ensuring that the practice is not abused.

LICENSING OPTIONS

Academic Use

Individual: The Individual license is intended for use by a single named user. The products can be activated on up to four different computers, provided that the products are only accessible to and used by that single named user. A named user may not use a program on more than two computers simultaneously.

Designated Computer: The Designated Computer license is intended for use on a single, designated computer, provided the products are operated from that computer's console by one licensed user at any given time.

Concurrent: The Concurrent license is intended for use by a specified number of concurrent users to run the product on any computer that is connected to a single network license manager. Installation of the products is limited to institution-owned computers or computers personally owned by faculty, research, and academic staff.

Classroom Use

Classroom licenses are restricted for use in on-campus teaching labs used solely for classroom instruction of students. Course instructors can use a copy of the software for course preparation only. Use of the products for any other purposes, such as research by faculty and staff, is not allowed. The Classroom licenses require a minimum quantity of 10 and offer a choice between two license options: Designated Computer or Concurrent.

Please contact your sales representative for enterprise-based license options.

LICENSE TERM

Annual licenses provide the right to use the software for a fixed duration, and MathWorks Software Maintenance Service is included in the license fee. To ensure uninterrupted service, you may renew your license prior to the conclusion of the license term. Otherwise, the license and Software Maintenance Service will expire at the end of the term period.

Perpetual licenses provide the right to use the software indefinitely, and the first year of MathWorks Software Maintenance Service is included in the initial purchase price. After the initial 12-month period, an annual fee is required to renew your Software Maintenance Service.

MATHWORKS SOFTWARE MAINTENANCE SERVICE

The first year of Software Maintenance Service is included with new product licenses. You can continue uninterrupted service in subsequent years by renewing your subscription annually.

MathWorks Software Maintenance Service includes:

- The latest updates to your MATLAB and Simulink products – with releases twice a year
- Worldwide technical support from specialized engineers
- Online offerings such as MATLAB Mobile™, MATLAB Online™, and MATLAB Drive™

Note

- An active subscription is required to purchase add-on products.
- If your subscription lapses, renewal at a later date will incur fees for the forward service period, any applicable back maintenance fees for the lapsed period, and a reinstatement fee of 25% of the annual cost of Software Maintenance Service.

For more information, see mathworks.com/maintenance.

INELIGIBLE PROGRAMS

Not all programs are eligible for deployment, compilation, distribution, or web access. See a list of ineligible programs at mathworks.com/ineligible_programs.

ADDITIONAL FEES

The fees for the license are determined based upon the country where all licensed user(s) are principally located. Additional fees may apply to a transfer of the license, or the principal location of any licensed user, to another country.

	Days	Regular	Academic Price
MATLAB Training			
MATLAB Fundamentals	3 days	1,950	975
MATLAB Fundamentals for Automotive Applications	3 days	1,950	975

PUBLIC TRAINING

MathWorks offers training courses at our facility in Natick, MA, and at select locations throughout the U.S. and Canada. We offer beginner, advanced, and application-specific courses.

TRAINING AT YOUR SITE

MathWorks may offer advanced or customized courses at your location upon request. For pricing and availability, please contact your sales representative or email training@mathworks.com. Discounts do not apply.

TRAINING CREDITS

Training credits can be purchased for 25 USD and are valid for one year from the date of purchase. Quantity discounts are available.

ONLINE TRAINING

Our instructor-led and self-paced online offerings provide the flexibility of working in your own surroundings. Self-paced courses provide 180 days of unlimited access, allowing you to revisit the content as often as you need. For a full list of our self-paced offerings, visit matlabacademy.mathworks.com/en.

CERTIFICATION

MathWorks offers two levels of certification:

- Certified MATLAB Associate – 100
- Certified MATLAB Professional – 200

Visit our website for testing locations.

HOW TO ORDER

- Visit mathworks.com/training
- Call 508-647-7000
- Email training@mathworks.com
