

List of Academic Programs for CUPA (17)

Academic Program Prioritization Committee (<http://pdxappc.blogspot.com>)

November 23, 2014

This document presents a list of PSU programs as input for the Academic Program Prioritization (APP) process at PSU. The details shown here may undergo significant updates in response to feedback from the campus community, particularly faculty and program administrators.

Each box in the following list represents a collection of one or more activities that, in this initial proposal, would be treated as a single academic program. The columns in each box include a the name of each component of the program as well as code whose suffix distinguishes between bachelor's degrees (:B), minors (:m), certificates (:C), master's degrees (:M), graduate certificates (:G), and doctoral degrees (:D). The table entries also show the numbers of students who received the corresponding credential in each of the six academic years from 2008-14. Blank entries correspond to years in which a program had no graduates. It is important to recognize that these blank entries should not be taken as a direct indicator of program health. For example, blank entries can be expected from programs that have only recently been added to the catalog and have not yet produced any graduates. In other cases, blank entries may signal changes in the coding of courses over the six year period 2008-14.

Program Components:			08-	09-	10-	11-	12-	13-
Criminology & Criminal Justice	Criminology & Criminal Justice	:BA:B	19	29	34	37	50	40
Criminology & Criminal Justice	Criminology & Criminal Justice	:BS:B	114	111	127	167	161	151
