Assignments

- Wednesday reading quiz: 3.3 (3.2.4 recommended, but not required)
- Will return homework 1 on Wednesday
- Homework 1 solutions back today
- Any questions on homework 2?

Miscellaneous

- Schedule posted on the web site under the homework assignments and schedule link
- Textbook errata and notes updated
- Homework assignment 2: you do not have to solve 2.7 to do 2.8b. Just assume that the result in 2.7 is true.
- Reading quizzes
  - Am trying to apply gentle grading
  - Goal is to determine if you read the required reading and thought about it
  - Check=right answer
  - Ok=partially wrong but some of the ideas are right
  - X=wrong or no answer
  - Receive credit for check or ok

Lecture Overview

Last Time

- Correlation sequences
- Minimum phase
- All pass

This Time

- Spectral factorization
- Random variables and vectors
